

Elegant Design

By Haneen Tanashat

Our Project

The idea of my project to combines interior design and furniture based on the data provided by the user. In addition it offers suggestions for furniture stores and their locations.

Objective

1

Reduce search
time for design
and stores

2

Improve
communication
between client,
interior design
and store owners

3

Enable clients to
obtain the
service at any
time

4

to translate the client's
ideas and the professional
holistic vision in a space
combining aesthetics,
comfort and practicality.
